

ICO 2020 SEOUL

The 4th International Congress of Osteoporosis

Date

Oct 23 (Fri) - 25 (Sun), 2020

Venue

Seoul Dragon City Hotel, Korea

**“Paradigm shift in
Osteoporosis management”**

>> Welcome Message

Dear Colleagues and Friends,

We are delighted announce that the 4th Annual International Congress of Osteoporosis 2020(ICO 2020) will be held in Seoul. Also, it is our greatest honor to welcome the doctors, researchers and all other scientific colleagues who are interested in osteoporosis to participate in the ICO 2020

The international community is challenged by the COVID-19 pandemic this year, especially many medical professionals who are taking care of those who are afflicted. Many international symposiums and conventions are either cancelled or postponed until further notice. During these difficult times, we are planning to host the ICO symposium from October 23th through 25th in Seoul, South Korea.

Our main theme for this year is “Paradigm Shifts in Osteoporosis”. We believe that we need to be more proactive in our approach to the treatment and care for the osteoporosis patients. Now is the time to overcome our past challenges in osteoporosis treatments and implement novel strategies.

This year’s symposium will prepare us to focus on what this shift means for us.

We hope to host all of you for a meaningful and thought provoking symposium in Seoul despite COVID-19 pandemic difficulties.

We look forward to welcoming all of you to ICO 2020 that promises to be an unforgettable occasion for all the participants.

Cordially yours,

Young Jun Won
